Description for Item # 246963091

A P-38 like this went for \$700,650.00 (Auction #110683387) P38,ac41, X3838 but was in poor condition. Mine says, 3232RWAL135 with airplane over head. Other side WAL135 with 2 airplanes over top with bird in between. And "4" on sight. This was given to my dad by German friend He told him it was a Lieutenants pistol when I was around 10. He gave to me 12 years ago. I'm now 53, was told this was mint by 2 dealers. Kept in heated safe. Gun & Barrel looks new. Was offered a lot of money many times but didn't sell because I didn't need to. Also it was my dad's. But now I do. Starting bid is \$245,500.00 Less than half of what one like this sold for. No expert but this is a collector piece. E-mail if questions. Adding this from messages I have received, some negative some positive...like:--- begin message --- Just some friendly advice...I think you are selling this P38 for too cheap. These like yours normally bring more. Also, if it belonged to Goering, Hitler Himmler or someone like that, its worth over a million. --- end message --- I am no expert and selling based upon feedback that I have received. Will add pics. Thanks have a nice day.
